HAGA SERIES INTEGRATED PROFILE

COVE EFFECT LIGHTING WITHOUT THE COVE

The LED strips within the profile can be fully-customised to requirements. The profile can be installed as a cove replacement as shown, or at floor level as corridor lighting. Smart devices (such as enabling Google assistant integration) may be installed within the profile. Every order is custom-fabricated to the customer's exact dimensions, so it is easy for IDs and installers to assemble on site based on requirements.
